Those requiring financial support fill in the required online section, in the 2nd phase of the online application process, or indicate that no scholarship is needed in that section.

For Japanese Applicants

IUJ grants S. Nakayama Memorial Scholarships to qualified Japanese applicants. To be considered for this scholarship, complete the online application form in the 2nd phase of the online system.

For more details, please refer to the IUJ Scholarship Guidelines for Japanese Applicants.

For Non-Japanese Applicants

IUJ grants S. Nakayama Memorial Scholarships to qualified non-Japanese applicants. All non-sponsored applicants are eligible to apply for this scholarship.

For more details, please refer to the "**IUJ Scholarship Guidelines for Non-Japanese PhD Applicants**" on the following website: <https://www.iuj.ac.jp/admis/scholarship/>

Applicants are strongly encouraged to seek alternative sources of funding on their own, as not all those admitted to IUJ programs can be supported through IUJ administered processes.

Financial planning is especially important for non-Japanese applicants in obtaining a Certificate of Eligibility (CE) needed to obtain a College Student Visa. You will be required to prove to the consular officer and the Japanese Ministry of Justice that you have sufficient funds to cover expenses for study in Japan, such as the university's tuition and fees and living expenses (housing, food, clothing, etc.).

Notes:

- Results of scholarship selection may be made available separately after the admissions evaluation results become available.
- Application for scholarships does not affect IUJ's consideration of a student's application for admissions.
- If you do not submit a scholarship application, you will not be considered for a scholarship.

- Deadlines for scholarship applications are the same as admission application deadlines. A scholarship application must be submitted along with the complete set of application materials for admission.
- There may be no chances to apply for financial aid to cover tuition after entering IUJ. Students may have an opportunity to apply for some scholarships that cover only partial living expenses after enrollment, such as offered by JASSO. The selection process is competitive.

Application Acknowledgment

As IUJ receives your **completed** online application forms, and other required application materials/test scores and the supporting documentation, IUJ will send you acknowledgment messages explaining your application status, usually by E-mail. The acknowledgement will contain the same unique application ID number you were given when you started your application online.

We ask you, too, to use your Application ID number in all correspondence you may make with IUJ to help us identify you and provide timely support.

Admissions Results

You can confirm your admission result online with your online application account on the dates of announcement of admissions results listed in the table on the previous page. For successful applicants, we will send the admission package by email to each applicant. Admission decisions cannot be released by telephone, in principle.

Announced decisions are final. IUJ will not answer any inquiries about unsuccessful results.

Admission Procedures

A Notification of Successful Result does not constitute a guarantee of admissions. Successful applicants will be requested to inform us of their intention to enroll, and will be asked to submit some additional documents and pay the Admissions Fee. These actions are referred to as "Admission Procedures". Details of admission procedures are emailed to successful applicants along with the admissions results. Only those who complete the admission procedures will be issued an official LETTER OF ADMISSIONS. This letter, along with a Certificate of Eligibility which IUJ will help you obtain, is used to apply for your College Student Visa from the applicant's local Japanese embassy or consulate. Those who fail to complete these procedures will be considered to have declined IUJ admissions. **Deferred admission is not offered at IUJ.**

Protection of Personal Information

All personal information that IUJ obtains from applicants will be used solely for the purpose of admission screening and the student registration process in subsequent admission procedures. All application information and supporting documents provided by applicants will remain confidential and will not be released to any third party without prior permission of the applicants.
